

2024

ANNUAL REPORT

DEAR FELLOW BREATHERS,

As we reflect on another year of progress and perseverance, we're filled with gratitude for your unwavering support of GASP. Together, we've made significant strides in our mission to improve our local air quality and protect the health of our community.

While we head into a new year with new challenges on the local, state, and national level, we think it's important to stop for just a moment and reflect on what we can accomplish when we stand together. Together, this year we:

- **Worked to Improve Air Quality:** We fought for policies and regulations that protect our lungs and our planet.
- **Uplifted Frontline Communities:** We worked to amplify the voices of those most impacted by pollution to create a more equitable future.
- **Spoke Truth to Power:** We endeavored to hold those in power accountable and demanded transparency and action on issues crucial to public health.

And we intend to keep doing just that. In fact, we truly believe that GASP's work is more important now than ever. The coming year is expected to be one of challenges, and our team is poised to meet them.

But our work is far from over. With your continued support, we can:

- **Accelerate Clean Energy Transition:** Advocate for the use of renewable energy sources and sustainable technologies locally.
- **Expand Community Outreach:** Reach more neighborhoods and individuals with air quality education and resources.
- **Strengthen Our Advocacy Efforts:** Hold polluters and regulators accountable and push for bold climate solutions.

Your year-end donations, no matter the amount - will help us stay the course.

We thank you for your consideration and for being part of our team.

**WITH HOPE & RESOLVE,
EXECUTIVE DIRECTOR PATRICK CAMPBELL**
